

6th Course, 6th Class

Thursday, June 8, 2023

1. Review schedule of classes.

2. Homework:

Video:

Verify In Mundo Aspect & Midpoint Lines Are Correct

Find the Right Place AND the Right Time

Both of these videos are for you be aware that

(a) Some serious work has been done on determining how to calculate in mundo aspects and midpoint structures and verifying that this information is correct.

(b) There are tools for finding the right place and the right time.

This is just for your awareness. In class I want to focus on practicing using AstroMaps so that you feel comfortable using them with clients.

3. Relocational Astrology:

Let's see places that are good for business for me, and then let's look at places that are good for some of you for whatever you are interested in.

Chat
