The longer the bar, the slower the aspecting planet and the longer the aspect's duration.

- 02 Jan ☿ ☐ ♃ 08:25 pm EST Tran-Nat 07° vs 09'
 Avoid the temptation to sweep out the old and ring in the somewhat untested new. It could be a detriment to both. It would be better to take some extra time to find a comfortable place for both and move on with double opportunity and protection. Where there is conflict, let it resolve itself.
- 05 Jan ♃ △ ♀ 11:05 am EST Tran-Nat 21° vs 57'
 Look for things to come out as planned through sheer force of faith -- both in yourself and in the current state of the universe around you. If you have faith, the Force will be with you, so you can lean back and just let it all roll along slowly, pretty much coming up the way you would like.

- 12 Jan ♃ ♂ ♀ 11:07 am EST Tran-Tran 22° vs 46'
 This roughly yearlong stretch marks a time when conservative ideas and organizations gain their power through force, fear, or covert activities, or by simply steamrolling their opposition. The McCarthy era is a good example of this feeling. If you're not specifically in the way of this sort of operation, this probably has little personal effect, but it puts an air of worry in the social background that things are not as stable as they should be and that something somehow is amiss. That even filters down to children born in this period, who are noted for anxiety and depression and the psychologically driven creativity that sometimes induces in later adulthood.
- 17 Jan ♃ ✖ ♀ 06:56 am EST Tran-Nat 23° vs 21'
 You may find that your fantasy life is seeing some external support, making this a good time to go gently out and try to make some dreams come true. Just sort of slip them into reality, don't push, and you may find they grow with a life of their own. Be willing to trim them to fit reality a bit and they'll blossom.
- 29 Jan ♀ ✖ ♀ 04:01 pm EST Tran-Nat 23° vs 21'
 Convictions and inner dreams seem to match up well for a time. When you believe a dream will come true, it often does, even if only by remanifesting itself until it fits perceived reality. It's only the best of all possible worlds when you know it, and vice versa. Now is your opportunity.
- 01 Feb ♃ ✖ ♀ 06:06 pm EST Tran-Nat 13° vs 53'
 Good judgment is the order of the day, particularly where details need fitting into place and plans need elaboration. Ideas may be mined for additional and unexpected fruits, without pushing them beyond their limits. It is easier than usual to know you're right, and then go ahead.
- 20 Feb ♃ △ ♅ 07:11 am EST Tran-Nat 27° vs 12'
 You are in an excellent position to ingratiate yourself with more conservative colleagues who

will be more likely to help you out with your farther-out schemes, which might have been rejected under other circumstances. Get a leg in the door quick, then make your plans look more stable than they are!

20 Feb ♋ ✖ ♀ 10:57 am EST Tran-Tran  17° √ 46'

A more realistic and satisfying way to blend dreams, hopes, and expectations by sharing is in the wind, if you are willing to take a deep breath. Actually, a series of shallow breaths describes it better. What once you may have kept to yourself, it is time to exchange with others who have been in the same situation. Fortunately, the air is very conducive to doing just that, and what might have been hard to say before comes more easily with the knowledge that it is a two-way street of mutual trust and reward. You may find this critical to your happiness, or you may just find yourself in a general situation where it helps others and it's the best thing to do to go along. Either way, you win.

21 Feb ♋ △ ♀ 11:53 pm EST Tran-Nat  18° √ 04'

A good time to reap benefits from earlier expenditures, and just as good for doubling it up for another go-around. Feelings are good and reflect a relatively bountiful personal environment, even when others are upon hard times. Be generous, but keep the bulk for yourself, as this is harvest time.

26 Feb ♏ ♂ Asc 11:19 pm EST Tran-Nat  27° √ 53'

Expect efforts from close friends and partners to slow you down, bring operations to a halt. Keep an open ear to them, but be ready to plough on anyway if need be. After a fashion, you are now finding out who your real friends are and who is best kept at arm's length -- time to love 'em or leave 'em.

28 Feb ♀ ♂ ♀ 01:35 pm EST Tran-Nat  18° ✖ 04'

Just when you think you've missed it, it falls into your lap. Seize it, and it slips away. Wavering fortune frustrates but trains the ability to enjoy the present without tying it to the future or past. Don't try to put your finger on it or it goes, just enjoy it while it is in your presence.

02 Mar ♏ △ ♂ 03:32 am EST Tran-Nat  03° ∪ 45'

Long, regular pumps of energy will be flowing into your system for a time, with a new major surge coming along just when you need a major boost to carry you along a notch further. It's a good time to attend to projects that require a lot of physical effort on your part, you will have the extra energy awhile.

09 Mar ♏ ♂ ☉ 10:04 am EST Tran-Nat  04° ∪ 03'

A rather on-again off-again year is in store that will alternately be satisfying and annoying, depending on whether something is happening or not. Patience and flexibility are the keys to taking advantage of opportunities that appear in a flash and may vanish with equal suddenness -- seize the day!

14 Mar ♋ △ ♀ 03:50 pm EST Tran-Nat  21° √ 57'

A leap of faith will cross many a boundary and unite former foes -- and this is the time to do it, fueled by a special inner confidence that is now available. A strong word of support, based on your own willingness to stand behind your commitments, will change uncertain ties to lasting friendships.

- 21 Mar ♄ ♂ ♋ 10:58 pm EST Tran-Tran  00°♋00'
The next couple of years do not hold much promise for those who have entrenched themselves in commonness. The one-size-fits-all philosophy will see some serious setbacks as quality and quantity part company and leveling bureaucratic structures get shaken up and shaken down. If you've been tending to your own business, this fortunately won't include you.
- 23 Mar ♃ ✖ ♊ 09:27 pm EST Tran-Nat  23°♊21'
This is a good time to find ways to implement your personal beliefs in a way that is practical, satisfying, and unobtrusive to others. No need to soapbox, just a quiet word or two will be enough to get the ball rolling. After an initial thrust, truth and conviction will carry the ball.
- 25 Mar ☿ ✖ ♋ 01:49 pm EST Prog-Nat  27°♋12'
Exploring new ways of expressing your feelings can open up new approaches to personal communication and introduce fresh ways to establish intimacy. You don't have to push things to the limit to get noticed, just a touch of the unusual or unique in your responses will turn heads sufficiently to get a second look.
- 04 Apr ♃ ♂ ♋ 09:00 pm EST Tran-Tran  24°♊53'
Sometimes innovation and expansion arrive on a gentle breeze, sometimes on a hurricane. This time it is likely to see the latter, when progress is not to be resisted or it will overcome you by sheer force. This does not mean you have to get on board of every new brainstorm, but if you see a juggernaut coming, either climb on or get out of the way. On a personal level, however, this can mean shoving your ideas or beliefs down someone's throat, albeit with well-meaning, and that can be tantamount to coercion or worse. No means no, whether you believe it or not, and since the tendency for coercion is in the air in general, you may be the one on the receiving end to most benefit from that.
- 14 Apr ☿ ♂ Asc 00:36 am EST Prog-Nat  27°♋53'
Your ability to lead with your emotions is in high gear, and speaking from the heart will tend to spotlight you wherever you go. Total honesty goes with it, if you want it to work at all, so make sure you choose your stage well and avoid mirrors, which will only slow you down. Now is not the time to be self-conscious.

If it feels right, go ahead, no matter how far out it seems! This is a time when inspiration goes hand in glove with opportunity, so be ready to invest in it and strike while the iron is hot. And save the extra stuff that you don't have time to implement right away, it'll be just as valuable down the line.

Roadblocks appear that are really just in the mind but nevertheless hold things up. A few well-

-placed shots may break up resistance but may also drag you into more confrontation, so choose your shots well and be ready to make an end run that leaves them all sitting and wondering what just happened.

- 19 May ☿ ☐ ♀ 03:01 am EST Prog-Nat  13° ≈ 53'
A new level of mental activity can be diverted into too much concentration and repetition that saps arriving brain power and leaves you where you began. Avoid sidetracking and keep moving to the next level and you'll make progress. When you get frazzled, chill out for a while, don't keep pressing on until you lose focus.

- 13 Jun ☼ ☐ ♁ 01:54 am EST Arc-Nat  27° ↗ 12'
It may be hard to keep an even course as intermittent inspiration suggests contrary movements, and it's hard to be sure just what direction you want to stay with. Avoid hasty decisions and collect possibilities and weigh them before making final commitments, however tempting spur-of-the-moment opportunities may seem.

- 01 Jul ☿ ♂ ♀ 06:47 pm EST Tran-Tran  00° ≈ 00' Rx
Although work may be its own reward, the work ethic is not a guarantee of success. The next couple of years reveal that, as efficient and judicious effort is rewarded while those who have been only repeating operations based on previous success will find their edifices relentlessly crumble. The past reaches the future only through change, don't forget it.

- 24 Jul ♀ □ ♏ 03:46 pm EST Arc-Nat [REDACTED] 07° 09'
 When you don't know your limitations, they can trip you up. On the other hand, if you talk too much about them, they become the focus and you lose focus. It's all about figuring out just what's necessary and what's not right now, without slowing yourself down too much in the process. Omit needless words.

The upward path this coming year will be much about giving everybody a piece of the pie and sharing all resources to pull ahead together. It's not a great climate for going solo, since everybody's looking to share both wealth and burden, but it's a good time to discover untapped potential in people and places which were there all along.

21 Dec 4 01:23 pm EST Tran-Tran 00°≈29'

This broad social-economic indicator portrays a current climate of social and financial change in which new ways of approaching life come up to challenge more traditional beliefs and methods, marking a year or so of turmoil and uncertainty as it all sorts out. Just as so many individual dramas were played against the backdrop of World War II (begun under this aspect), your own play finds itself on a stage possessed by strong forces and currents, which, if well taken, lead on to fortune. These are what the Chinese called "interesting times," less predictable and more heroic than most.
