Chapter 1: How You Approach Life and How You Appear To Others

Cancer Rising:

You appear gentle and soft, and you act rather reserved with others until you know them well and feel it is safe to be open with them. You have a strong need for emotional security and a sense of belonging, and are deeply attached to the past: your heritage, roots, family, cherished friends, familiar places, etc. Making radical changes or moves away from what is known and safe can be very painful and difficult for you. You tend to cling and hold on to people, memories, possessions of personal or sentimental significance. Having a home, a safe haven, is very important to you.

You approach life emotionally and subjectively and are sensitive to the emotional atmosphere, the subtle undercurrents of feeling in and around you. Instinctive and nonrational, you are often unable to give a clear, simple explanation for your actions. Something FEELS right, or it doesn't.

Your emotions and personal loyalties tend to color your thoughts and opinions. You view life from a very personal perspective and often cannot mentally detach yourself from your own personal bias and prejudices. You are apt to be concerned primarily with how something affects you and those dear and close to you, rather than with the principle or the broader social implications. For instance, you may be very patriotic and feel that whatever "my country" does is right without really knowing much about the other nations' policies or point of view. Put simply: if it is good for me and mine, it is good. If it is not good for me and mine, it is no good.

You are tenaciously loyal, protective, and supportive of those you care about, and have a very strong nurturing, motherly nature (regardless of your gender). You empathize with others and intuitively sense the feelings and needs of other people. Compassionate and sympathetic, you are easily moved by others' pain, and you are often the one others seek out when they need comfort, reassurance, or help.

Your moods fluctuate and change frequently and you are sometimes open, sometimes withdrawn emotionally. You communicate nonverbally and appreciate a person who can pick up subtle cues and hints, rather than having to make everything explicit.

You never forget either kindness or unkindness shown to you.

Chapter 2: The Inner You: Your Real Motivation

Sun in Scorpio:

Quiet, deep, emotionally complex and intensely private, you are not a person who is easy to get to know and understand. You are extremely sensitive but disinclined to show it, and you allow only a special few into your inner world. Like a wary animal, you are cautious and mistrustful of those you do not know until you "sniff them out". You are very, very instinctive and intuitive. You usually have a strong, immediate gut reaction to people, even though you may be unable to clearly articulate why you feel as you do. Your feelings and perceptions go deeper than words.

You also have a powerful need for deep emotional involvement and you form very intense love bonds and attachments. You are possessive and often jealous of anyone or anything that you perceive as a threat to your bond with someone you love. When you commit yourself to someone or something, you are wholeheartedly devoted and expect complete loyalty in return. You merge with or "marry" the person you love at a very deep level and therefore separations are extremely painful for you, and often stormy and nasty. When you have been wounded, you are not inclined to turn the other cheek and will retaliate if at all possible. Certainly you will never forget the injury and often you harbor grievances and resentments for a long, long time. Forgiveness doesn't come easily to you.

Whatever you do, you do with passion and fervor, and you often go to extremes. You are either hot or cold, never lukewarm about anything. You can also be very narrow: either you are 100% involved in something or else it doesn't exist for you at all. Rarely are you emotionally detached and objective. You definitely have a fanatical streak. You are also immensely strong-willed and your tenacity in pursuing your objectives often borders on being obsessive. Fierce pride, courage, and emotional strength are yours in abundance.

You love mysteries and are deeply attracted to the hidden, dark, secret side of life. You never take things at face value and are always probing beneath the surface of people and situations to discover what is REALLY going on. You tend to be more of a cynic than an idealist.

Sun in 4th house:

You are a private person and inclined to withdraw in very public and impersonal social settings. You prefer to work at home or in a very personal small business.

You invest a lot of your creative energy into your home, your family, and your inner life.

Sun Sextile Mars:

You are positive, vital, energetic, active, a go-getter. You enjoy competition, and your initiative and self-confidence make you a winner.

Sun Sextile Jupiter:

You have big aspirations but do not struggle or labor to achieve them. Your self-confidence and inner harmony attract success and benefits to you in an almost magical way. Your optimism and cheerful generosity also win you many allies and successes in life.

Chapter 3: Mental Interests and Abilities

Mercury in Scorpio:

You have good mental concentration and the ability to become completely immersed in your work. You seem to know things at an instinctive, nonverbal level and prefer learning through direct experience or apprenticeship rather than vicariously via books or lectures. You have mechanical ability and work well with your hands. You could become adept at sculpture, pottery, carpentry, stained glass, or anything that involves doing and making things manually. Biology (and related fields such as medicine) interests you as well. You also have an instinctive rapport with animals, and may feel you relate better to them than to people! You tend to become narrowly focused upon your own specialized interests and may not have much to say or communicate outside that field.

Mercury in 4th house:

You have an introspective turn of mind and may enjoy keeping a journal or a record of your dreams and personal experiences, or learning about psychology, history, and the inner workings and emotional foundations of your own life. You are studious and something of a bookworm.

Chapter 4: Emotions: Moods, Feelings, Romance

Moon in Leo:

Warm, loving, and generous in your affections, you inspire tremendous devotion and loyalty in your loved ones. This is good, since you would never settle for anything less! You want to be adored and worshipped like the king or queen that you feel you are, and it is difficult for anyone to resist the warmth and attention you lavish on those you care about. You have a great deal of pride and need to be recognized and appreciated. The way to really hurt your feelings is to ignore you. You are genuine, sincere, and have a strong sense of personal integrity. You hate emotional games and dishonesty.

Moon in 2nd house:

You are likely to be a great collector of things - a real pack rat in fact - for your belongings give you a sense of security and continuity with the past, which is important to you. Antiques or things with sentimental value from your past are especially dear to you.

You may also cling rather tightly to both money and possessions, keeping them "in the family" rather than sharing freely with those outside of your immediate circle.

Moon Conjunct Jupiter:

You are tolerant and forgiving, always ready to overlook mistakes and give others a second chance. You expect the best from people and draw it out of them, and you enjoy making others comfortable and happy. Because of your emotional generosity, your life is rich with friends, and often financial blessings as well.

Moon Square Neptune:

You are a dreamer, attracted to the inner, mystical side of life, and may have trouble distinguishing the real from the imagined or illusory. You do not enjoy confrontation and become very evasive when problems in your personal life arise, escaping into your imagination in order to avoid dealing with them directly. You are also rather gullible and naive about people, especially if your sympathy has been aroused. You are very sensitive to music and can use it to bring yourself into emotional balance and harmony.

Venus in Virgo:

You are quietly devoted and faithful to your loved ones, and often become a kind of servant to your love partner. You are more comfortable showing love for someone by doing something for them, making something for them, or simply being there for them - rather than telling them so in a romantic, soul-stirring sort of way. You are timid about expressing too much sentiment or emotion. You also underestimate your attractiveness and lovability and doubt your own worthiness to receive love and appreciation.

Venus in 3rd house:

Beautiful, elegant, and harmonious surroundings are very important to you, and you have an innate sense of style, design, and form. Socially, also, good form and politeness are important to you and you instinctively avoid crudeness and dissonance.

You enjoy talking about love, relationships, art and the beautiful side of life. You appreciate artistic people.

Venus Conjunct Pluto:

You have deep, compelling love feelings that seem irresistible and often irrational. Your love relationships are very passionate and intense, and you experience both agony and ecstasy in love. You are always changed in a deep, fundamental way by your love experiences, though this may come about through painful and difficult confrontations or separations. You are something of an emotional fanatic about things you care about.

Chapter 5: Drive and Ambition: How You Achieve Your Goals

Mars in Capricorn:

You are serious about your ambitions, and disciplined, dedicated, and tenacious in pursuing your objectives. Your drive and energy are directed toward practical material accomplishment and achieving concrete results. You also strive to be in a position of authority and social influence; you enjoy being the person who is in command.

You are hard-working and capable of forgoing immediate comfort in order to achieve your long-range goals. You can easily become a workaholic and are very responsible and conscientious about doing a thorough job.

Realistic and pragmatic, you are an excellent strategist. You attain success by formulating a conservative and workable plan and following through with it. You are not a gambler when it comes to attaining your goals; you depend on your own efforts and perseverance rather than good fortune. You have a natural shrewdness and instinct for business or organizational management.

Mars in 6th house:

You expect to work hard for anything you accomplish and you have no patience for people who don't pull their own weight. Work is a passion for you at times, and you push yourself too hard. You can be too demanding of the people you work with also.

If your energy is not invested in a job or career, you can become a fanatic about your health, and you may exercise or "work out" vigorously and perhaps excessively.

Mars Square Saturn:

You work hard and patiently to achieve your objectives, persevering and continuing on in spite of difficulties and discouragement. Concentrating on a single, clearly defined goal, you are able to accomplish much, but you often feel that the way is long and arduous, and that you must struggle on alone, that it's all on your shoulders.

You are capable of great self-control and self-denial and can be a hard task master, expecting far too much of yourself. You also tend to hold yourself back, to doubt your own power and ability. You feel that you meet with great resistance whenever you try to assert yourself or take initiative. Anger and frustration can be big problems for you, especially when you try to work with other people or depend too much on others for support. You work best in solitude.

Mars Trine Jupiter:

Your self-confidence and vitality are strong and you believe you can do just about anything you want to. You have an enterprising spirit, a good sense of timing, and the ability to sense what will succeed and what won't. You usually make fortunate decisions in work or business activities. You enjoy healthy competition and you have a rather playful, good-humored attitude toward it. You mostly compete with yourself to see how far you can go or how much you can accomplish. You like to keep stretching your limits.

Chapter 6: Other Influences

Jupiter in Virgo:

Your ability to think things through clearly, and to analyze and understand the smallest details of any plan, is highly developed. You have a modest nature and are more concerned with the success of your project or work than with personal aggrandizement. You enjoy working and are happiest when you are being productive and using your time efficiently.

Jupiter in 2nd house:

Wealth, material well-being, and prosperity are very important to you, and you would never choose a profession that didn't offer you great promise and opportunity for growth (financial and otherwise).

You are very generous and sometimes careless with money; you don't want to hold on to it, you want to enjoy it and use it to enrich your life. Whatever you do with your money, you do in a big way - making it, spending it, or blowing it! You may accumulate elegant, high quality things (art, jewelry, etc).

Saturn in Aries:

You have difficulty asserting your will and desires directly and openly. You also may suppress your anger and aggressiveness. Developing self-confidence, courage, and faith in yourself are important tasks for you.

Saturn in 9th house:

Your attitude toward religion, philosophy, and politics is very conservative and possibly narrow or rigid. On the one hand, you may believe in nothing that is speculative or intangible, requiring proof for any idea presented to you. Each idea is thoroughly and systematically examined. On the other hand, you may tenaciously cling to your grand philosophical or metaphysical beliefs and opinions, refusing to modify them or to be open and receptive to others' insights and perspectives.

Your overall outlook on life is serious, and you may feel that life or God will punish you if you do not watch your step!

Uranus in Virgo:

You are part of a 7 year group of people who employ their skills and creativity to bring about a great deal of practical reform in education, medical care, and other social services. Your innovations are not radical or unusual, but they are usually effective.

Your generation also has a curious mixture of both conservative, ethical people, and rebellious, disruptive people. There seems to be little middle ground for your age group, and you swing to one extreme or the other. The conservative people strive to reinstate strict moral standards, want to swiftly punish criminal behavior, and strive to highlight the importance of old-fashioned values in our lives,

laws, and overall life style. On the other hand, the rebellious people of your generation are angry at the established way of doing things and act in a defiant, crude, and coarse manner.

Uranus in 3rd house:

You grasp new concepts quickly and are interested in new technologies, discoveries, and innovations. Unconventional ideas and creative, original approaches to problems are very attractive to you also. You are easily bored and may have trouble concentrating on one idea or task at a time. You have an inventive mind.

Uranus Conjunct Pluto:

You were also born during a period that lasted approximately 5 years and is characterized by extreme restlessness and an impatient, dynamic attitude towards life. You are part of a group of people who can be explosive and even violent in their reactions to situations. You do not tolerate being restricted, and your age group rebels with force and anger against oppressive situations.

Uranus Sextile Neptune:

You are quite open to psychic experiences and altered states of consciousness, and do not have to work very hard to achieve them. You belong to an idealistic, free-thinking group of people who will advance the spiritual progress of humankind as a whole.

Neptune in Scorpio:

You are part of a 14 year group of people that have very intense psychic sensitivity and imagination. Your age group is very attracted to the strange, weird, and unusual. The sense of the macabre and bizarre is strong, and this is reflected in much of the music, art, and fashions of your age group. Novels and movies with mystery and chilling suspense are also popular with your age group. Emotional depression, drug use, and suicide are likely to be relatively high in your age group. There is also a deep mystical sense, and Eastern religions and meditation are very attractive to your age group.

Neptune in 5th house:

Your creative self-expression has a very imaginative quality, and you have a particular affinity for drama, theater, film, and other artistic mediums in which creative fantasy plays a major role.

In love and romance, also, you often have glamorous fantasies that have little to do with reality.

Neptune Sextile Pluto:

The entire generation to which you belong has tremendous opportunities for spiritual rebirth and awakening. This will not be forced upon you or precipitated by unavoidable events, rather it comes from an inner yearning and a natural propensity to seek the depths.

Pluto in Virgo:

You are part of a 15 year group of people that are driven by the need to find an ethical standard and a clear sense of what is right and what is wrong. There is a subconscious drive to straighten out all the world's evils and create a world of perfect order. There is a feeling of repulsion to anything ugly, dirty, or grotesque. Oddly enough, there is also often a fascination with these very things that are so distasteful, and often a feeling of hopelessness and despair about the world's condition.

These inner, emotional and conflicting qualities are reflected in the attitudes and life styles of your generation. Most people of your age group are conservative and ethical, and a small minority goes to the opposite extreme and relishes being strange or unusual in appearance, and sloppy or even grotesque in manners and appearance. There seems to be no middle ground for your generation. Usually, the rebellious type of behavior comes

out during adolescence, and tends to subside thereafter, and your age group tends to be very conservative in later life.

Your age group is not very good at compromising and tends to have strong ideas about what is right and what is wrong. There is a strong feeling that you must extinguish evil in the world. Certainly, fostering good works is very commendable, but a categorical and simple-minded response to complex issues is not helpful. Your age group will undergo great transformations in attitudes regarding Good and Evil and will swing to great extremes. Your generation will also make great contributions in the areas of medicine and nutrition, ecology, and education.

Pluto in 3rd house:

You have a probing, penetrating mind and are highly analytical and critical in your thinking. Work that involves research, investigating mysteries or hidden causes, or deep study and analysis suits you very well.

You are also a convincing speaker, bringing others around to your own point of view by the intensity of your convictions.
