Moon Enters 2nd House
Natal: Julia Roberts

Lunar finance peak brings a flurry of monetary activity, perhaps a quick find or mini-crisis, but it passes quickly. Keep its brevity in mind so you don't lay heavy bets on a passing fancy, unless other longer-range cycles are much in focus with this as trigger.

Mercury Enters Cancer

What folks are saying and thinking is a lot closer to their hearts than you or they may think, so verbal sparring can get taken too seriously in the next few weeks. People mean what they say a little too much, and say what they really mean too little. There's a cry over the milk, spilled or not, so speak judiciously, with sensitivity.

Moon Conjunction Moon
Natal: Julia Roberts

A good time to wind up projects, particularly emotional ones; this point of completion bears the next month's beginnings and allows you to regear to start things up anew. Look ahead at the next few days to see how quickly to reengage or just take a break. Consult your Lunar Return chart to see what the next month will bring.

Moon Enters Virgo

If you regularly pick up each stitch, you won't be tripped up over the next few days. If not, watch out for entanglements in small print and minor details that suddenly loom larger if you overlook them. The feeling of a job well done awaits you, but only after you do it. If you're ahead of expectations, you'll have it locked up tight.

Venus Sextile Midheaven
Natal: Julia Roberts

Profit from some perhaps unexpected or even mysterious quarters is profit nonetheless, and a helping hand from the hidden side of things feels like you've got a guardian angel in tow. Don't fight it, but don't try too hard to explain it, either. Sometimes things just fall gently into place on their own.

Mercury Sextile Jupiter
Natal: Julia Roberts

Grand strategies are only as big as their individual components, and great skyscrapers are put together one girder at a time. Fulfilling the vision as it presents itself is the way to go, with smaller, surer steps preferable over giant strides of the imagination. Take it easy, and all will unfold.

Moon Square Sun

Uncertainty and shifting grounds can mark the day's outcomes, and confidence may retreat in the face of a challenge. Confrontation is the wrong game to play, but pulling out entirely is equally unsuitable. Make judicious compromise now and the resulting situation will improve, but don't chase diminishing returns.

Moon Enters 3rd House
Natal: Julia Roberts

Telephone storm, hasty social get-togethers, and communication overloads come and go. A good time to get quick points across with maximum brevity so it all fits in and is clear in the future -- wasted words come all too easy here.

Moon Enters Libra

Give and take are what's expected for the next couple of days, so expect to mix it up if you're going to make much headway. That doesn't mean conflict, just active participation and the willingness to change and be changed from moment to moment. It's what both love and war (and business) are made of, you choose the game, and the playing field.

Mercury Opposition Mars

Natal: Julia Roberts

Don't wait to refill until you hit "reserve" on your inner gas gauge, it may not be working as well as you think. Figuring out when you're about to be tapped out or have more to go should be left to your body. When you're tired, rest, recharge, and don't push yourself to the limit until you have a more realistic idea of what those limits are.

Mercury Trine Sun

Natal: Julia Roberts

It's particularly easy to get your inner message across, and words don't get in the way even when trying to communicate non-verbally. Just visualize what you want to make known and before you know it you'll be proclaiming it in the most appropriate fashion. Don't over prepare or edit yourself, just let it flow.

Moon Enters 4th House

Natal: Julia Roberts

An eye to your back-up, extra fuel tanks, and general supply lines marks this lunar transit -- making sure that things are in control back on the farm (they may let you know, for sure, at this time!). Resolving issues at your rear allows for the next advance.

Moon Enters Scorpio

The plot thickens, or seems to, for the next few days, as an atmosphere of open intensity and perhaps hidden agendas raise passions and lower shades to facilitate what goes on behind closed doors. Shallow and breezy won't do, but when everybody's trying to play the heavy, take the melodrama with a grain of salt.

Mars Trine Mercury

Natal: Julia Roberts

If it seems like a pretty good idea, it probably is. Plans hatched now will likely have legs and won't be short of the follow-through they need to get accomplished. An energized mind fires up the body as well, and the more enthusiasm you stir up inside, the farther you will go.

Moon Conjunction Sun

Natal: Julia Roberts

This is the time of the lunar month when you get an extra boost of physical energy, from your ego on out. This allows you to carry yourself farther and ride the crest of the wave that extra distance. Things play in your style, so you don't have to strain. For a couple of days, you've got extra cards, so play them.

Venus Square Mars

Try, try again and you may wonder why you did. Sometimes an object of desire eludes the chase and constant and repeated forays tangle things even more. You may have to call it perfecting your technique, and that may be the long and short of it. Anyone can have an off day, one that holds lessons for tomorrow.

Venus Conjunction Sun

Ego compounding desire can make this moment hot but nearsighted at the same time. In the passion of the moment all are more likely looking out for number one than for the general good, and the possibility of missing the long-range win is real. Seek what you want, but remember you'll still have needs tomorrow.

Mercury Square Saturn**Natal: Julia Roberts**

Faulty information can hang you up, and chasing a false lead can waste even more precious time. Be suspicious of unasked-for criticism, as it may be offered just to slow you up. Better right now to rely on what you already knew and not what you are being told. Turning a deaf ear may be just what will see you through.
